

Omar Mohamed Zoair

Machine Learning / AI Engineer

omarmzoair@gmail.com | +201556430644 | Cairo, Egypt | [LinkedIn](#) | [GitHub](#) | [Linktree](#)

PROFILE

Aspiring Machine Learning / AI Engineer with a strong foundation in Python, data analysis, and machine learning algorithms, built through national programs, hands-on projects, and competitive achievements. Experienced in building and evaluating ML models using supervised and unsupervised learning techniques, performing end-to-end data analysis, and developing insightful Power BI and Excel dashboards. Currently pursuing a Computer Science & AI degree at Cairo University (Top 6th student, GPA 3.7) with a focused interest in AI engineering, deep learning, and intelligent systems. Passionate about solving real-world problems through data-driven solutions and eager to grow in a collaborative, innovation-driven environment.

SKILLS

- **Programming Languages:** Python (Pandas, NumPy, Matplotlib, Seaborn, Scikit-learn), C++
- **Machine Learning & AI:** Supervised & unsupervised learning, ML algorithms, model evaluation, predictive analytics, deep learning fundamentals, feature engineering
- **Data Analysis:** Exploratory data analysis (EDA), data cleaning, preprocessing, statistical analysis
- **Data Visualization:** Power BI (Power Query, DAX, Dashboards), Excel (Pivot Tables, Charts), Matplotlib, Plotly, Seaborn
- **Databases:** SQL Server, PostgreSQL, SQL (queries, joins, aggregation, subqueries)
- **Tools & Platforms:** Jupyter Notebook, Google Colab, GitHub, VS Code
- **Web Technologies:** HTML5, CSS, JavaScript (basic)
- **Soft Skills:** Problem-solving, analytical thinking, attention to detail, teamwork, adaptability, presentation skills

EXPERIENCE

Data Analyst Specialist

Jun 2025 – Dec 2025

DEPI – Digital Egypt Pioneers Initiative

Cairo, Egypt

- Gained hands-on experience in data analysis, visualization, and reporting using Python, Excel, Power Query, and Power BI.
- Built and presented end-to-end data projects, from data cleaning and preprocessing to generating actionable business insights.
- Applied statistical techniques and analytical thinking to solve real-world business problems.
- Completed Business English communication training (Berlitz Egypt) delivered alongside the technical track.

Data Analysis Intern

Sep 2022 – Jun 2023

DECI – Digital Egypt Cubs Initiative

Cairo, Egypt

- Gained experience in data analysis and cleaning using Pandas, NumPy, and Matplotlib.
- Developed foundational skills in handling and processing datasets efficiently.
- Competed as part of team 'MOMO' and achieved 1st place in the DECI GEEKS Level 3 Data Science coding competition (powered by Dell Technologies, Feb 2023).

COURSES & CERTIFICATIONS

Data Science & Machine Learning (AI)

Jan 2026 – Apr 2026

CLS Learning Solutions

Cairo, Egypt

- Completed an intensive program covering machine learning algorithms, model building, and AI concepts.
- Gained practical experience in data preprocessing, feature engineering, and model evaluation.

AI & Machine Learning Foundations

2025

SprintUp – Sprint x Microsoft

- Completed a hands-on program covering Python, data analysis, and machine learning fundamentals.

- Built and deployed ML models using supervised and unsupervised learning techniques.
- Gained practical experience in data preprocessing, feature engineering, and model evaluation.

Data Analytics – Microsoft Power BI Specialist

Jun 2025 – Dec 2025

DEPI / Ministry of Communications & IT, Egypt

Cairo, Egypt

- Designed interactive dashboards using Power BI, Power Query, and DAX measures.
- Applied data storytelling techniques to support business intelligence and reporting workflows.

Data Science & AI – Level 3 Nanodegree

Oct 2023

Digital Egypt Cubs Initiative / Udacity / MCIT

- Completed a nanodegree covering Python, Pandas, NumPy, Matplotlib, and applied data science workflows.

Additional Certifications:

- **GitHub Foundations** – GitHub (Apr 2025, valid to Apr 2028) | credly.com/go/9vuDezD2
- **PCEP – Certified Entry-Level Python Programmer** – Python Institute (Aug 2022)
- **Introduction to Software Engineering** – IBM / Coursera (Aug 2024)
- **Introduction to HTML, CSS & JavaScript** – IBM / Coursera (Sep 2024)
- **Python Programming Basics** – Mahara Tech / ITI (Oct 2025)
- **Embedded Systems Track – Junior Academy** – ITI / MCIT (Jul–Aug 2023)

PROJECTS

WeRateDogs Twitter Data Analysis · Python, Pandas, NumPy, Matplotlib, Twitter API [\[GitHub\]](#)

- Collected data from the WeRateDogs Twitter account via the Twitter API, performed data cleaning and transformation with Pandas and NumPy.
- Created visualizations with Matplotlib to analyze posting patterns, engagement trends, and content insights.

HR Dashboard Analysis · Power BI, Power Query, DAX

- Developed an interactive HR analytics dashboard tracking attrition, employee satisfaction, performance, and workforce demographics.
- Applied custom DAX measures for KPIs and Power Query for data cleaning and transformation.

Soccer Goal Trends Analysis · Python, Pandas, Matplotlib [\[GitHub\]](#)

- Analyzed soccer goal trend data to uncover scoring patterns and deliver data-driven insights.

Image Processing Tool · C++

- Built a C++ tool applying multiple image filters (grayscale, blur, edge detection, etc.) across all major formats (JPG, PNG, BMP) for any image size.

XO Board Game · HTML, CSS, JavaScript [\[GitHub\]](#)

- Developed an interactive browser-based Tic-Tac-Toe game with a clean responsive UI.

LANGUAGES

Arabic

Native

English

B2 – Business English (Berlitz Egypt Certified)

EDUCATION

Bachelor of Computer Science & Artificial Intelligence

Sep 2024 – Jun 2028

Faculty of Computers and Artificial Intelligence – Cairo University

Cairo, Egypt

- GPA: 3.7 | Rank: Top 6th Student in Class | Year: 3rd | Grade: Excellent
